Incident Management

(Included in PAD Program Management during normal business hours. Additional fees may apply after normal business hours.)

Includes:

- On-site Downloading of Data
- Replacement of Electrodes (additional fee)
- Processing and Filing of Required Reports (4)
- CISD (Critical Incident Stress Debriefing)

Critical Incident Stress Debriefing (CISD) is not a requirement for your PAD program but is offered from highly skilled and trained personnel to conduct a counseling session for

rescuers and others involved in a stressful incident situation. This service is highly recommended for all rescuers and individuals involved. The counseling sessions help those involved with the incident to understand and process their feelings from their experience. The session most commonly will last anywhere between one to two hours depending on the amount of people in attendance and the incident itself.
